

# International Trade Fair for Packaging, Printing and Filling Technologies

## UPAKEXPO 21-24 JAN 2025 Moscow, Russia

[upak-expo.ru](http://upak-expo.ru)

● PACKAGING EQUIPMENT  
AND READY PACKAGING

● PRINTING FOR PACKAGING  
AND LABEL PRODUCTION

● FILLING TECHNOLOGIES

in conjunction with:

International Trade Fair for Waste  
Management and Recycling

**RECYCLING SOLUTIONS**

International Trade Fair  
for Plastics and Rubber

**RUPLASTICA**

Venue:

Organizer:

INTERNATIONAL TRADE FAIR FOR PACKAGING, PRINTING AND FILLING TECHNOLOGIES

# UPAKEXPO

A key business event in the industry that brings together manufacturers and suppliers of packaging equipment, finished packaging, packaging materials and technological solutions with consumers of packaging products and services. Professional audience is represented by both domestic and foreign industry specialists.

More than  
**1100** exhibitors\*

**16**\*  
countries

**Pavilion 8**  
Central Exhibition Complex  
«Expocentre»

**4**-day business  
program

\* DATA ON UPAKEXPO, RUPLASTICA, RECYCLING SOLUTIONS / JANUARY 2023

# 25,000 VISITORS

+32% INCREASE IN THE NUMBER OF PROFESSIONAL VISITORS

Every year specialists visit the exhibition in search of packaging solutions for such industries as: industrial goods, beverages, consumer (non-food) goods, confectionery and bakery products, food, cosmetics, pharmaceuticals, logistics, transport and services.

**30%** of visitors hold senior  
positions at decision-making  
level

**92%** of visitors are completely  
satisfied with every aspect of the  
exhibition

Ability to broadcast  
your unique  
experience

Live communication  
with potential  
clients and potential  
partners

Meetings with regular  
customers  
to strengthen and  
deepen relationships

Participation in a large-  
scale international  
exhibition demonstrates  
your stability and image

The principle of „unification“ of exhibition events creates the best conditions for specialists to search for individual and complex solutions at once within several related industries.

## RUPLASTICA

RUPLASTICA – is the most important and representative exhibition in the field of production and processing of polymers, plastics and rubbers.

RUPLASTICA is the largest event in the industry and a unique tool for up-to-date information on the state and prospects of development of the polymer industry, its equipment, goods and services.

## RECYCLING SOLUTIONS

RECYCLING SOLUTIONS offers a wide portfolio of solutions for sustainable development of waste management and recycling of polymers and rubbers.

**THE EXPOSITION  
OF EXHIBITION  
HAS GROWN  
MORE THAN  
2 TIMES!**

**EXHIBITORS:** ALPMA-SERVICE, ECI PACKAGING, Aurora Factory, Bristol Group, Integral Plus, Anton Ohlert, Gofromir, VIP Systems, Dalgakiran, Magikon, Eurometfilms, Isratek-S, Markirovka Plus, Corporation Znak, Kropotkinskii zavod Missp, Nissa Distribution, PC Engineering, Aseptic solutions, PAKKERMASH, PACKLAND, PackMarket, TEREM, TERRA PRINT PRO, TECSA, ROBOTEK, Russkaya Trapeza, RUSSCOM-GROUP OF COMPANIES, SACMI MOSCOW, SMART-T, SMI RUSSIA, BOSPHORUS CENTER, PROM GROUP FARMATEK, Unit Motors, Rozgrand, Jingmoda Rus, SUZHOU CAI MACHINE GROUP CO.,LTD, KETE GROUP LIMITED, WUHAN GOLDEN LASER CO.,LTD, Pingyang Litai Machinery Co., Ltd., ZHEJIANG CHOYTING MACHINERY CO.,LTD, Guangzhou U-packer Automation Equipment Co., Ltd, Kombi Makine San. Ve Tic. Ltd. Şti., Endmaksan Mühendislik Mak İnş San ve Tic Ltd Şti, Yenimak Makine Üretim ve San İth İhr Tic Ltd Şti, Kaizen Technology and other companies.

## BUSINESS PROGRAM INNOVATION PACK

### IN THE SPOTLIGHT:

- The russian packaging market. Adapting to sanctions: challenges and opportunities
- Packaging. Trends and best practices
- Production of printed packaging in a new reality:  
What happened in two years

And much more!

More than **80** speakers

More than **35** hours of performances

Leading manufacturers of the industry share their experience and interesting cases from practice

**UPAKEXPO**  
**21-24 JAN**  
**2025**  
Moscow, Russia

## HOW TO PARTICIPATE IN THE EXHIBITION?

## ACCENTS OF THE EXHIBITION

Packaging industry is extremely extensive and acts as a platform for the implementation of creative ideas in design, shape, color, and materials.

In this context, packaging field is endless, but if you focus on production tasks, then technical solutions are important – how to produce packaging, how to achieve its quality, durability, convenience, and the second block is how to pack the finished product and serve it to the buyer.

Development of the domestic goods market has spurred the demand for packaging solutions. Food industry, industrial goods, and pharmaceuticals urgently needed them. These are the industries that, in a situation of external constraints, had to saturate the domestic market and replace the departed players. As a result, last year showed a 5 percent increase in packaging, the dynamics, according to experts, will continue this year.

The segment of goods delivery is developing, agriculture and food exports are growing, and new investment projects are being launched. All this requires additional capacities, new lines, and new materials.

Moreover, environmental requirements are also growing. The Law on Extended Producer Responsibility (EPR) raises the issue of packaging recycling, which means that solutions are needed in this area.

This way, the UPAKEXPO exposition will allow answering many questions from production workers, and discussions on problematic issues on the sidelines of the exhibition will allow exchanging views on how the market is developing and how to cope with certain challenges.
